Laxt Saturday's small dance was the best witnessed this season, and perhaps in any previous season. The restaurant, ball room, hall, etc., were all too small to contain the large gathering. During dimer especially the aspect was very striking. The Duke and Duchess of Connaught and suite had dinner in the restaurant. The Koyal party arrived about 8.15 and seemed very interested in the dance. The Duke sat in the hall after dinner and chatted freely with several of the Savoy visitors.

## ABBAS HELMY THEATRE.

DINORAH.

On Saturishy evening was successfully produced, this perhaps least popular of Meyerbeer's works. The open, however, containmany opportunities for the artiste playing the title role, and these were fully taken advantage of by Signons Isabella Svicher, who was rewarded by enthusiastic applause and numerous handsome baskets of flowers This accomplished artiste also proved therself a clevor cellist and after the first act of, the open charmed her hearers with a skilfort rendering of a delightful composition by Offenbach, played with exquisite expression and rendering of a delightful composition by Other-bach, played with exquisite expression and technique, and accompanied by the orchestra. Siguora Svicher was ably supported by Signor Borrione and Montanari in the respective roles of H-ed and Corentino. The invisible choruses were exceedingly well rendered, and proved quite a feature of the performance. The opera-way well staged and the orchestra, as usual, accoultur. excellent.
To-night Massenet's "Manon" will be staged.

To-mint Massents "Manon will be staged, with Signora Bellincion in the title role, and fo-m the crowded audiences who attend this lady's performances it is hardly necessary to state that those who wish to be present should book their seats as early as possible.

Sir,-We, the undersigned, the President and members of the Committee of the Tenants' Sir,—We, the undersigned, the Fresident and members of the Committee of the Tennatic Commission of Alexandria, having read the letter of Mr. Goo. B. Alderson in the "Egyptian Gasatte" of Saturday, 18th inst., do hereby declarat that that gautleman's letter is based on totally erroneous suppositions. In the first place, the statutes of the Società Anonima delle Gase Ecohomiche have not been submitted to the Egyptian Government, as we fully explained to Mr. Alderson in his private office on the 14th inst. The allegations of Mr. Alderson on this point are therefore totally incorrect. The only receive for Mr. Alderson's resignation was that he wished to control the entire scheme without any assistance from other capitalists. He wanted 10% interest on the capital, as he had stated to the Municipal Commission, but we retused to entertain this proposal. We sindy add that we approached the local capitalists with the cousent of Mr. Alderson.—We are, etc.,
